

You are viewing a one of a kind custom built Soft Tail Florida Gators Motorcycle built by Purple Chopper LLC in DeLand/Ocala. This is the only one in existence. Upon completion of building this motorcycle, a Custom Choppers representative drove this customized bike to Florida Gators legendary quarterback **Tim Tebow's** house and had Tebow sign the gas tank. The bike was then signed by Florida Gators legendary football coach Urban Meyer on the opposite side of the gas tank. With the combined efforts of Purple Chopper LLC, the University of Florida and the Florida Sheriff's Youth Ranch this custom built motorcycle was then raffled off in a drawing at a Gators football game with a portion of the proceeds benefiting the Florida Sheriff's Youth Ranch.

This custom built soft tail motorcycle has been custom painted featuring various Florida Gator logos and mascots. The motorcycle has only been rode a handful of times for upkeep. The mileage is unknown due to being built without an odometer, but the estimated mileage is 50 miles. This bike is registered and comes with a certificate of origin.

Tim Tebow, considered one of the Nation's most highly recruited top quarterback prospects, is a 2x BCS National champion, 2x First Team All American and First Round Draft Pick by the Denver Broncos where he currently holds the position of starting quarterback. Throughout Tebow's career he has amassed a long list of achievements and awards including 2007 Heisman Trophy Winner.

The signatures on this motorcycle have passed JSA authentication and a letter of authenticity will be provided upon purchase. Also upon purchase of this motorcycle, a portion of proceeds will go to the charity/foundation of the buyer's choice.
